EDUCATION

Indian Institute of Technology(IIT), Patna <i>Bachelor of Technology in Mathematics and Computing</i> • CGPA: 7.71	August 2023 – May 2027 <i>(expected)</i> Patna, India
Senior Secondary (CBSE) <i>Percentage: 91.2%</i>	2023
Secondary (CBSE) <i>Percentage: 90.2%</i>	2021

PROJECTS

OneIITP (App Development Group Project)  PlayStore	Aug. 2024 – Jan. 2025
• Tech Stack: React Native, Firebase, Microsoft Azure, Expo. • Official IIT Patna app with 2000+ active users, covering daily student needs. • Developed a QR-based anti-proxy attendance system, ensuring secure, non-shareable scans. • Integrated Azure authentication and Google Sheets API for live bus schedules. • Key features: Class timetable, attendance tracker, blogs, marketplace, events, emergency contacts, food outlets, quick links. • Impact: 15K+ reads on Firebase, 100+ downloads on Play Store, widely adopted in campus life.	
MessIITP (App Development Individual Project)  Github  APK	Nov. 2024
• Tech Stack: React Native, Expo, JWT, MySQL, Node.js, Chart.js, Render, phpmyadmin. • Dynamic meal display with time-based menu updates and next-meal preview. • Implemented role-based access (admin/secretary/user) using JWT authentication. • Real-time rating system with leaderboards and trend graphs (Chart.js) for meal quality comparison. • Automated Local notifications for meal reminders and menu changes.	
Valorant Game Controller (Individual Project)  Github	Nov. 2024
• Tech Stack: React, React Native, Socket.IO, Node.js, RobotJS. • Developed an Android app to remotely control PC inputs for gaming, using event-driven programming with Socket.IO and Node.js.	

KEY COURSES TAKEN

- Machine Learning(ML), Database Management System(DBMS), Data Structures and Algorithms(DSA)
- Probability and Statistics, Numerical Linear Algebra, Discrete Mathematics, Computer Architecture

TECHNICAL SKILLS

- **Programming Languages:** C/C++, Python, HTML, CSS, JavaScript, TypeScript, mySQL, Kotlin
- **Tools:** Git, Github, Jupyter Notebook, Google Colab, Firebase, Postman, Heroku, Vercel, Netlify, Figma, MongoDB
- **Frameworks:** Scikit, Tensorflow, Computer Vision, NodeJS, Expo, Android Studio, Django, Tailwind, NextJS
- **Libraries:** React, Pandas, Numpy, SocketIO, Matplotlib, Seaborn, PyTorch, XGBoost, FastAPI, RestAPI

ACHIEVEMENTS

- Specialist** on Codeforces
- Achieved **1,858** rank among **37,100** participants in **Codeforces Round 995 (Div. 3)**
- Achieved **3 star** on **Codechef**
- Secured top **0.76%** among 1.1 million students in **JEE Advanced 2023**
- Ranked **under 30** in Bihar Zone in **NTSE Stage 1**

POSITIONS OF RESPONSIBILITY — VOLUNTEER EXPERIENCE

Web & Dev Sub-coordinator <i>House of Socio and Cultural Affairs, IIT Patna</i>	Present
Dev & Design Team <i>Inter IIT Cult 2024, IIT Patna</i>	Dec 2024
