EDUCATION

Indian Institute of Technology(IIT), Patna August 2023 – May 2027(*expected*)
Bachelor of Technology in Mathematics and Computing; CGPA: 7.03 Patna, India

- Courses: Data Structures and Algorithms(DSA), Machine Learning(ML), Object Oriented Programming, Database Management System(DBMS), Probability and Statistics, Numerical Linear Algebra, Discrete Mathematics, Computer Architecture

Senior Secondary (CBSE): Percentage: 91.2% 2023

EXPERIENCE

IIT Patna's CCDC Website |  Temporarily deployed website Feb. 2025

- Tech Stack:** React, NextJs, TypeScript, Vercel
- Developed the official IIT Patna CCDC (Centre for Career Development and Counselling) website.
- Ensured a responsive UI, fast performance with Next.js SSR, and seamless user experience.
- Deployed successfully on Vercel, with planned migration to **ccdc.iitp.ac.in** domain for official institutional deployment.

PROJECTS

OneIITP (App Development) |  PlayStore |  AppStore |  OneAttend Aug. 2024 – Present

- Tech Stack:** React Native, Firebase, Microsoft Azure, Expo, Vercel
- Official IIT Patna student app with 2,000+ active users, streamlining daily campus activities.
- Engineered a **QR-based anti-proxy attendance system** with a dedicated **OneAttend** web portal for professors, ensuring secure, auto-updating QR to make it non shareable and anti proxy environment.
- Integrated **Azure authentication** for secure auth for IIT Patna students only and **Google Sheets API** for real time bus schedules.
- Key features: **Class timetable, attendance tracker, blogs, marketplace, events, emergency contacts, food outlets, and quick links.**
- Impact:** Achieved **15K+ reads** on Firebase, **1500+ downloads** on **Play Store & App Store**, widespread adoption across campus.

WinRegi(AI-Powered Windows Settings Explorer) |  Github March. 2025
An AI-powered control center that simplifies Windows customization by instantly finding and applying settings, registry tweaks, and PowerShell commands based on user queries.

- Tech Stack:** Python, PyQt, SQLite, Watchdog, Windows API & Registry, NLP(Natural Language Processing), Machine Learning
- Designed and implemented an **AI-powered** Windows settings explorer with **natural language search** for system configurations and optimizations.
- Integrated **Windows API**, implemented secure **Registry modifications**, and automated system tasks via **PowerShell scripting**.
- Built a **SQLite database** for user preferences and implemented **hot reloading** for efficient development.
- Open Source Contribution:** Published codebase, used Git for version control, and established CI for continuous improvements.
- User Impact:** Enhanced Windows settings navigation, improving accessibility and user productivity.

CollabNest (Full Stack Development | Group Project) *Running* March.2025 - April.2025

- Tech Stack:** Next.js, TypeScript, Prisma, Firebase (Auth), Node.js, PostgreSQL, WebSockets, Tailwind CSS
- Project Collaboration Hub:** Centralized platform for IIT Patna students to share ideas, form teams, collaborate on projects.
- Skill-Based Matching:** Intelligent recommendation system suggesting projects based on users' skills and interests.
- Real-Time Communication:** Integrated WebSockets for instant messaging, discussion threads, and project updates.
- Secure Authentication:** **Firebase OAuth** with **JWT-based** access control and role-based permissions.
- Project Moderation System:** Admin dashboard for approving, flagging, and managing project postings.

TECHNICAL SKILLS

- **Programming Languages:** C/C++, Python, HTML, CSS, JavaScript, TypeScript, mySQL, Kotlin, PostgreSql
- **Tools:** Git, Github, Jupyter Notebook, Google Colab, Firebase, Postman, Heroku, Vercel, Netlify, Figma, Prisma
- **Frameworks:** Scikit, Tensorflow, Computer Vision, NodeJS, Expo, Android Studio, Django, Tailwind, NextJS
- **Libraries:** React, Pandas, Numpy, SocketIO, MatplotLib, Seaborn, PyTorch, XGBoost, BART Model, FastAPI, RestAPI, PyQt

ACHIEVEMENTS

- **Specialist on Codeforces**
- Secured top **0.76%** among 1.1 million students in **JEE Advanced 2023**
- Achieved **1,858** rank among **37,100** participants in **Codeforces Round 995 (Div. 3)**
- Ranked **under 30** in Bihar Zone in **NTSE Stage 1**

POSITIONS OF RESPONSIBILITY — VOLUNTEER EXPERIENCE

Dev Lead for Cyber Security Problem Statement: *ICTC 3.0* March. 2025 - April. 2025
-  *Deployed Website Solution*  *Problem Statement*
Dev & Design Team: *Inter IIT Cult 2024, IIT Patna* Dec 2024
